BLACK FIGHTS POSSE UNTIL HE IS KILLED

Asheville Murderer Slain In the Woods.

GUARDED TO PREVENT BURNING

Hundreds Gathered About Undertaking Establishment When Corpse Was Brought to Asheville—Story of the Man Hunt.

Asheville, N. C., Nov. 17.—Standing at bay, fighting with all the desperation of a man who laughs at death, Will Harris, the five times murderer, fell, riddled with bullets from the rifles of cool but determined officers and citizens in the woods near Fletcher, known at the "Westfeldt" property at 12:15 o'clock Thursday.

He died as he lived, his hand raised against every man, fighting to the last, giving shot for shot until his last cartridge was expended.

Then, as is with one accord, the avenging rifles rung out, carrying the message of death to the murderer of the brave officers, Blackstock and Bailey, and three innocent negroes.

At 7 o'clock Thursday morning a report reached the city that bloodhounds had renewed the scent to Buena Vista, eight miles from Asheville, and that the animals had lost it there owing to interruption from farmers' dogs. Three posses of officers and citizens immediately set out for Buena Vista and there it was learned that the negro desperado had been seen leaving a barn just before daybreak. It was stated that the fugitive had taken the highroad for Arden, three miles away. Acting under the advice of ex-Chief of Police Jordan, the posse was divided up into squads, each one takinig separate routes toward Arden. All the posses came together at Fletcher's and here ex-Chief of Police Jordan decided that the best course to pursue was to again divide the fifty or more men into squads. Two of these scoured Blakes woods, one deployed to the left, while another was guarding the road in front of Cunningham's store.

Dr. L. P. Russell, N. B. Baldwin and Harry Roberts caught first sight of the negro in the Blakes woods, and the signal agreed upon, "two shots in rapid succession warned the searchers that the quarry had been run to earth. Again the rifles rang out, and the fleeing form of the negro, who carried a rifle, emerged from the Blake property, and ran across the high road to a field skirting the Westfeldt property. On the porch of a private house adjoining the Cunningham store stood J. H. Caine, editor of the Asheville Citizen, who was one of the squad which was left at Fletcher's store to guard the road. As the negro reached the open field adjoining the house on a dead run, Caine opened fire with a 38-caliber revolver, but none of the shots took effect, for the fugitive never slackened his pace, but made for the woods, and was seemingly swallowed up.

Down the road at a 2:40 gait came ex-Chief Jordan, O. H. Wells, Dr. Russell, H. M. Roberts and N. P. Baldwin, shouting to other members of the posses to make for the woods where the negro had taken refuge.

The posses quickly closed in, took the road turning to the right from Fletcher's, and a fusillade of shots from the woods ten minutes later told the inhabitants of the surrounding country that justice had been done, and that the cold-blooded murder of two white policemen and three innocent negroes had been avenged.

About 2:30 o'clock the posse arrived in Asheville with the body of the dead negro, which was taken at once to the undertaking rooms. Like wildfire spread the news of the man's death, and in less than half an hour South Main street was blocked with a crowding, shouting mass of men and women, to see the man who in less than twenty minutes had taken the lives of five men, three of his own race.

For some time it was feared that the mob would take the body of the negro from the officers, and follow out its threat of burning it. But the sheriff and his men guarded the doorway of the undertaking establishment with loaded rifles and the crowd later dispersed. All is quiet in the city.

A dispatch from Charlotte, N. C., leads the authorities to believe that Harris was an assumed name, and that the dead negro was James Harvey, of Forest City, Va. The sheriff is on his way from Charlotte to identify the dead negro, should be prove to be Harvey.

SUICIDE EFFORT FOLLOWS FIRE

Woman Despondent Over Losses She Takes Bug Poison.

Augusta, Ga., Nov. 17.—Mrs. Joe Steine, of Warrenton, who is upon a visit to Augusta friends, made a desperate attempt at suicide Thursday afternoon soon after 12 o'clock.

Mrs. Steine was the wife of the heaviest loser in the recent Warreaton fire. She was supposed to be despondent over the great losses, as they had $20,000 worth of property destroyed, with only $6,000 insurance.

She was visiting friends in the city hoping to overcome the strain, but in a fit of despondency she took a lareg dose of bug poison.

The act was observed , and a summons was immediately sent to City Physician McLaws, who, after employing stringent methods, was able to counteract the poison, and Mrs. Stenine is now considered out of danger.

She made a statement to those present, and said she wanted to die, as the work of a lifetime had been consumed in a few moments by flames.

The family is one of the most prominent in Warrenton circles, and is well known over the state.

THOUSANDS HOMELESS FROM RAGING FLOODS

Are Suffering From Hunger and Exposure.

SIX LIVES HAVE BEEN LOST

Entire State of Washington Scene of Great Desolation and Destruction. All Valley Towns Are Under Water 8 to 20 Feet Deep.

Seattle, Wash., Nov. 17.—Homeless and suffering from hunger and exposure and in hourly dread that the rising waters will overwhelm thousands of residents of the fertile valley lying between Seattle and Tacoma, are camped in the foothills near by with what few provisions and effects they could carry in a hurried flight.

Six deaths have been thus far chronicled as due to the floods which have followed the rapid rise of the rivers in King and Pierce counties. Three of the men who met death in the floods were trying their utmost to prevent log jams that would endanger the residents of the places further down the river.

F. W. Killmer, of Auburn, was the first to lose his life while working on a jam in the White river. Two other loggers who were working for the Decker Lumber company, trying to break down jams, and whose names are not known, were drowned in the Green river, three miles from Auburn.

Black, White, Gren, Cedar, Stuck the Snoqualmie and other streams having their source in the foothills of the Cascade mountains, have risen over night and have flooded thousands of acres of land and caused incalculable damage.

How many farmers' families have lost some member through the rapid advance of the treacherous waters, will not be known until the waters subside.

All the valley towns are under water, the depth ranging from eight to twenty feet. Railroad communication has been cut off and the hamlets and towns cannot be reached except by message over the long distance telephone wires. With the water already standing on the streets at such a depth that it is no longer safe for residents to remain in the first stories of their houses, the men are organizing in each town and either removing the helpless ones to the second stories or carrying them to places of safety.

New York, Nov. 17.—Harry K. Thaw has a surprise in store for his prison comrades. He firmly believes that before Christmas day, he will be free and he has arranged to celebrate his liberation by giving the unfortunates who will be left behind within the prison walls, a feast they will never forget. Thaw intends to have a conference with the prison commission over the affair to find out how far he can go with the celebration under the prison rules. Roger O'Meara, the Pittsburg detective, arrived at the Tombs Thursday with Evelyn Nisbet Thaw. They remained at the cell door for more than an hour. "Harry is very happy," said Mrs. Thaw, "and talks with delight about having his Christmas dinner with me in the Lorrain."

Negroes Protest at President's Action in Discharging Troops.

Salisbury, N. C., Nov. 17.—At a meeting of the Negro Baptist associations of North Carolina, resolutions denouncing President Roosevelt for discharging three companies of the Twenty-fifth infantry, were adopted.

The body represents a constituency of 160,000. The resolutions "strenuously protest against the unprecedented and arbitrary action of President Roosevelt in punishing the innocent and guilty alike. No one for a moment believes that these companies would have been dishonorably dismissed if they had been composed of white soldiers.

"If extreme measures had been necessary, this present time of tension between the races and of fear, forebodings, uncertainty, unrest and heartaches on the part of the colored people was the most unpropitious that could possibly have been found. The chief executive of a great nation has estranged ten millions of his hitherto ardent admirers and supporters, and it is the voice of the convention that a committee be appointed to confer with similar committees throughout the country to take the steps necessary to have the action of the president reviewed by the highest tribunal of the land."

Two Lawyers Drop Dead.

Nashville, Tenn., Nov. 17.—A Hopkinsville, Ky., dispatch, says: Hon. James C. Hodge, a prominent lawyer, of Smothland, returned to his home in that place Thursday in apparently good health, when at a steamboat landing he shook hands with Hon. John W. Bush, a lifelong friend. Shortly afterwards he fell to the ground, and died almost instantly, before help could reach him. When Lawyer Bush, who had for years practiced law at the same bar, heard of the death of Mr. Hodge, he was deeply affected, and soon after going from his office to his home he also dropped in an unconscious condition to the floor and expired in a few moments. They were both close on to 70 years old.

Malenson, awakened by the screaming of a parrot, reached the outer air and obtaining aid, dragged his companions to the deck of the vessel in time to save their lives. When Malenson appreciated that the parrot had saved the lives of all he went into the forecastle in time to bring to the deck the bird in a state of semi-consciousness.

Attention is called to the advertisement of T. J. McEvoy, the plumber, tinner and sheet iron worker, which appears in this issue. Mr. McEvoy is regarded as one of the most competent workmen in the State. He has leased the plumbing and tinning department from his former employers, the Baird Hardware Company, and proposes to conduct the business in the same up-to-date manner that has characterized it since its establishment. If you need anything in Mr. McEvoy's line he will appreciate a trial, and guarantees satisfactory work.

A Year of Blood.

The year 1908 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

DOUBLE DAILY SERVICE.

Atlantic Coast Line Will Inaugurate Night Trains on Sunday.

With a desire to accommodate the traveling public, together with the intention of increasing its patronage, the Atlantic Coast Line has decided to inaugurate a double daily service between Jacksonville and St. Petersburg on Sunday, the 18th inst. There will also be a slight change of time in the schedule at present in force. The South bound train as at present will arrive at 12:40 p. m., leaving at 1 o'clock. The North bound will arrive at 3:45 p. m. instead of 3 o'clock.

The new trains to be inaugurated will arrive in Gainesville as follows: South bound 12:55 night; North bound, 4:05 a. m., arriving in Jacksonville at 7:35 a. m. This service will afford the people of Gainesville an excellent opportunity to visit Jacksonville, spending a full day there if desired.

The High Springs-Citra train will have little change of time. The train will leave for High Springs at the usual hour, 11 o'clock, but the time of departure for Citra train will be 4:10 instead of 3:15 in the afternoon.

The night trains between Jacksonville and St. Petersburg will be first-class, carrying Pullman sleepers.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

The Coming "Big Show."

Darwin's theory that man and monkey are allied, finds many new supporters among the visitors to Cole Brothers' United Shows' double menagerie, to be seen Thursday, Nov. 22, in Gainesville. In this mammoth traveling zoo is "Walter," the most amazingly educated orang-outang ever exhibited. Captured in the wilds of South Africa by Cole Brothers' special agents less than eight months ago, "Walter" has been taught to do all that the average young man can, except talk. Unassisted this phenomenally educated brute will dress itself in a tailor-made suit with regulation long trousers, fancy waistcoat and tuxedo; eat with knife and fork; draw pictures upon a blackboard; eat with spoon, knife and fork; operate a miniature automobile as well as impersonating several prominent characters. Scientists everywhere have carefully studied "Walter" and are a unit in declaring the animal the most marvelous ever seen.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

American Humane Association.

Chicago, Nov. 17.—Tears and hysterical denials on the part of women delegates, who had heard themselves called "Barbarians and murderesses" marked the close of the convention of the American Humane Association Thursday night. For half an hour the women had listened patiently while a speaker denounced the wearing of furs and bird carcasses. Adornment of such character was evident in all parts of the hall.

White Caps in Tennessee.

Nashville, Tenn., Nov. 17.—The Whitecaps have made their appearance at Dresden, Tenn. They visited a negro restaurant there Thursday night, stoned the place, broke out all the windows and compelled the inmates to flee. A notice previously placed on the door telling Peter Gardner, the proprietor, to close the house, was unheeded. On the notice was a picture of a tree with a negro hanging from a limb. The restaurant has born an unsavory reputation.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the same way but for S. S. S., which cured me.

HIGH SCHOOL NOTES.

BY SUN'S SPECIAL REPORTER.

The enrollment has now reached 467—212 boys and 255 girls.

Tardiness is gradually decreasing; but it is doubtful if any grade will be able to get that half-holiday this month.

We were entertained Monday morning at chapel exercises by a be[illegible] violin and piano selection by [illegible] and Bernice DeLand. They were compelled to respond to an encore.

We have had a number of visitors this week, which of course pleased us. On Tuesday morning Capt. Lynch, principal of the Jasper Normal, was with us at chapel exercises, and gave us a fine and interesting talk. The Captain will always receive a warm welcome. Wednesday we were honored by a visit from Mr. Hamrich, a Confederate Veteran from West Florida. Thursday Mrs. Evans and her sister attended chapel exercises.

The Euclion Literary Society had an interesting meeting Friday, and discussed the question of single sessions for city schools. The decision was in favor of a single session.

Ruth Doig, of the Sophomore class, has been absent this week on account of illness. She has been greatly missed, as she is a general favorite with her class.

The Freshman class are wondering what has become of Conyers Waugh.

Our singing is improving considerably since we got our new books. We have already learned three new songs.

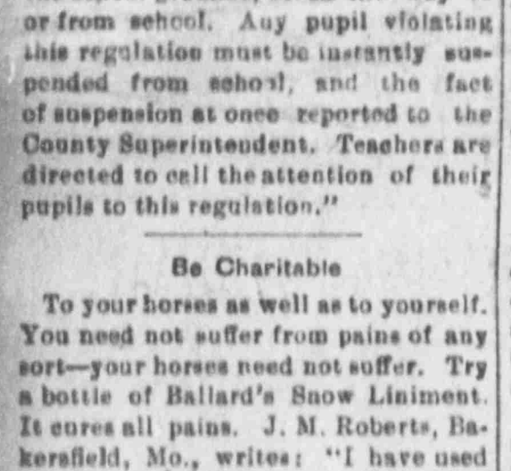
Mr. McReath has asked The Sun to call the attention of the parents of the city to "Regulation 22," which may be found on page 28 of the "Course of Study and Rules and Regulations for Alachua County Public Schools" adopted by the Board of Public Instruction Oct. 8, 1905, and which reads as follows: "Regulation 22—Pupils of Alachua county public schools are forbidden to smoke cigarettes upon the school grounds, or on the way to or from school. Any pupil violating this regulation must be instantly suspended from school, and the fact of suspension at once reported to the County Superintendent. Teachers are directed to call the attention of their pupils to this regulation."

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

Pugilist Dies of Injuries.

Grand Rapids, Nov. 17.—Mike Ward, the pugilist, of Sarnia, Ont., died Friday as the result of a knockout in a fight Thursday night with Harry Lewis, of Philadelphia.



Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

Lundy Caught; Mob Feared.

Sparta, Ga., Nov. 17.—Sheriff Berry has received a telegram to meet the 2 o'clock train with deputies. Deputy Sheriff DeLoach, of Putnam county, had succeeded, after desperate resistance, in arresting Jeff Lundy at some point on the Georgia road. This is the negro desperado who several days ago shot a prominent young man of this county. Lundy was severely injured by shots made necessary by his resistance. It was decided by those having him in charge to leave him in Warrenton on account of his condition and from fear that he might be in further danger from the friends of the young man he murdered. There was a reward of $150 for his arrest.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Died of Hydrophobia.

Concord, Ga., Nov. 17.—Charley Bransford, a young farmer, who lived 2 miles west of town, died of hydrophobia. On Sept. 17, while riding a bicycle on the public road near the town, he met a large black dog which, after passing him, turned and attacked him. He grappled with the dog and was in the act of cutting its throat when it escaped him. He went to the Pasteur Institute in Atlanta and took treatment there, but was taken ill several days ago with the above result. He leaves a wife and four children to mourn his death.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.,' Sold by W. M. Johnson.

May Establish National Organization

St. Louis, Nov. 17.—The first annual convention on the west side of the Mississippi river of the Anti-Saloon League of America will be held here next week and a preliminary conference of the state superintendents and workers of the League is being held here. The question of the establishment of a national organization is one of the important matters before the convention, and a committee of five was appointed to consider the question and make a report which will be recommended to the convention next week.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.

Bet on Launching Ship.

Tokio, Nov. 17.—An extraordinary story is current here of bets having been laid by foreigners in Yokohama against successful launching of the battleship Satsuma at Yokosuka and of attempts to make the launching a failure. About $500,000 is said to have been wagered at odds of 7 to 3 against a successful floating of the warship and workmen, formerly of Yokohama, are reported to have been bribed to place impediments in the slip. The detection of these the day before the launching, it is added, led to the discovery that a workman had actually been arrested, but his examination with the view of ascertaining whether he was connected with the alleged betting syndicate has thus far been inconclusive.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Returns with Sick Son.

Montgomery, Ala., Nov. 17.—Congressman A. A. Wiley arrived here Friday from Cuba, bringing with him Lieutenant Noble J. Wiley, of the United States army, his son, who has been ill at Havana with yellow fever, the latter being able to walk about. Congressman Wiley was the guest of Governor Magoon at the palace.

SERMONETTES

It can never be too late to hope.

A skimping economy will never pay.

Vain regrets are but the waste of days.

Only the intense poise brings serenity.

Stop a trifle beyond the surging crowds.

Some men have pinched their views of life.

Don't sell your ideals to the highest bidder.

A university diploma is not a metal insurance policy.

There is nothing between you and God but yourself.

Go clean around the man that is smaller than his dollars.

Money, with no character behind it, is always a dangerous force.

You measure strength at the weakest point. Don't forget that.

Everyone has within him the element of mastery. Believe it.

Sometimes leading "the simple life" makes us entirely too simple.

Often the serious view of life is a vice—it finds its rise in greed.

Doing the work of the present hour faithfully is a noble conception.

There can be no lofty attainment without the cost of heart blood.

The real man is the watch-dog of his money, his secrets, and his temper.

Most of us want to play with the spoon before we take our medicine.

The dividend you get from any worthy achievement is what it actually costs.

Don't look for the halo of martyrdom if you can be successful without it.

You do not need to know the reason for things in your life that seem so strange.

Shut the door of memory. That terrible day is dead. Why court the gruesome skeleton?

Great things are sometimes reached by small men, but great men always reach small things.

This must be a sad old world to the man that believes that goodness is not forever in the ascendancy.

There is nothing between you and your fellow man but the merest delusions. How widely they separate us!

No wonder the witch can read character in the palm of the hand. It had much to do with the building of it.

One log will not burn alone. Neither can the heart forsake and survive. Humanity is not built for the solitary life.

If you would get in on "the ground floor"—if you would listen to the "ticker" of the ages—put your ear to the bosom of a child.

Some people seem so set apart for ministry to others that they appear to have no opportunity to be ministered unto. However, they are but few.

No man has the right to judge the act of another unless he has the same view-point. He must stand within the range of the very motive that inspired the act.

However much the sponge soaks up, it's no good unless you can squeeze the water out. Many a collegian's mind is nothing in the world but an old dry sponge.

What an age this is! Everybody straining for the ground floor; everybody pulling for advance information; everybody trying to get a peep behind the scenes.

Oh that vacant space where our loved ones used to stand! Nothing else can fit that horrible niche in our vision. That awful chasm will never close and be no more to us.

There are songs unsung to harp or lute. The rythmic years of a loving ministry work out a refrain that shall be caught up by the choirs that linger along the shoreless seas.

There are better ways. George Macdonald said: "If, instead of a gem, we should cast the gift of a lovely thought into the heart of a friend that would be giving as the angels give."

There is a waste that enriches. The sea is prodigal with her waves; yet no luster from the star is lost. Not one drop is missing from the tides. Our opulence is held in trust for others.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

Suits Against Railroads.

Waco, Tex., Nov. 17.—A number of suits against various railroads have been filed in the federal courts of Texas during the past few weeks for failure of railroads to provide proper safety appliances for freight and passenger cars. It is stated that the government will make a strong efforot to have this law enforced, as it relates to Inter-state Commerce. The great demand for cars is said to be the cause of the roads using some that are unfit for use.

Cabinet Crisis Impending.

TESTING METHODS

A test as to the value of newspaper advertising over other methods was made a year ago by the great publishing house of Harper & Bros. Two books were selected, one by a well known popular author and the other by an unknown writer. The latter was selected for the newspaper advertising and the other for the usual channels.

With equal expenditure the work advertised in the newspapers outstripped the other in sales by 200,000 copies.

The result was a complete surprise and established the fact that readers go to the newspapers for information with regard to books as well as with regard to most other matters.—National Printer-Journalist.

The best advertising medium for any merchant is the local paper which goes into the homes of the people, as this paper does.

C. E. CONVENTION.

...ting Session at Cedar Key. ...Many Addresses by Officers.

...That the first convention of the ... Central Christian Endeavor ... was a success is agreed by all ...ticipators who had the good fortune ...e at Cedar Key on November 6th ...7th.

...Definite aims for definite objects was the leading thought. In the three ...onferences, on Union Work, Missions, ...Society-Problems, this was emphasized. Good results are certain if each ...society in the district will earnestly ...strive to make their endeavors specific in all lines of work.

The address on the "Tenth Legion" by Mr. Henderson was another practical application of the same principle. How meager are our offerings when we give "as we feel like it!" How grandly all Christian work would move forward if each one gave the "as God hath prospered him!" Larger Tenth Legion enrollment and liberal gift to the Christian Endeavor Memorial Building fund are expected by January 1st.

Rev. Manire's address was encouraging to the lady delegates, as he told how many of Paul's co-workers were women.

One of the most important meetings was the "Morning Watch," at 6:30 Wednesday morning. This is the secret of all successful endeavors—the quiet hour with the Father and His Word, that His children may be fed with the bread of life, thus strengthened for each day's duties; another goal for which to strive.

The Junior hour was pleasant and profitable to both the children and those who wish to lead them in the paths of righteousness.

An enjoyable social evening was spent at Mrs. Kirchain's home. Informal addresses, greetings from absent friends, music, ice cream, a moonlight walk on the beach, and a beautiful souvenir in pyrography given to each guest, were among the pleasant features. Another example of Cedar Key's hospitality was a delightful launch ride of ten miles on the Gulf one afternoon.

The sermon Wednesday night was a fitting climax to the invaluable help already rendered by our State president, Rev. Jas. F. Winnard. His versatility, enthusiasm, and strong consecrated life, reminded one of Paul's words—"Forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Our faithful district president, Mrs. Walker, led the closing service, where we in prayer reconsecrated ourselves to a better life and service for Jesus.

The most of the district officers were reelected, and after paying all expenses $3.50 was sent to the Children's Home Society at Jacksonville, by the District Union.

At 5:30 Thursday morning many were at the depot to bid the visitors God speed on their homeward way.

Let the motto of Ohio's Endeavorers be ours "till we meet again."

FARMERS JOIN FEDERATION.

Million Members of Society of Equity Affiliates with A. F. of L.

Minneapolis, Minn., Nov. 17.—Embodying membership of over a million, claiming to represent more than one-seventh of the entire population of the country, the American Society of Equity, the recently formed national farmers' union, became affiliated in a limited degree with the American Federation of Labor, now in convention here.

Practically the entire afternoon session was devoted to the proposition of affiliating with the Society of Equity. Committees recommended a plan whereby the members of the federation and its affiliated bodies agree to demand union farm, garden and orchard produce, while the farmers officially agree to purchase nothing but union made goods.

The chief objections made to the proposed affiliation with the American Society of Equity were that heretofore "Farmers' organizations" have turned out to be beneficial principally to the "silk stocking" element, and not common laborers, and that in numerous cases during the times of industrial conflict and acted as strike-breakers. The proposition was finally accepted by the convention by a decisive vote.

OUT OF SORTS.

People Not Really Sick Are Often Most In Need of Care.

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents by J. W. McCollum & Co., with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask them to show you the liberal guarantee they give with every 50-cent box of Mi-o-na.

Carbolic Acid and Whisky.

Savannah, Ga., Nov. 17.—Heinrich Frank, aged 30 years, committed suicide at 541 Bryan street, east, by drinking carbolic acid. He had told his landlady and his neighbors that he was going to kill himself, but none believed him. Disappointment over the loss of money in Germany was the cause of the act. He burned up all his correspondence, and, standing before the flame, drank the deadly potion. Then he washed it down with a large swallow of whisky and laid down to die.

Newbro's Herpicide

The Original Remedy that "kills the Dandruff Germ."

THE HUNTERS CAME TOO LATE!

Their Faithful Dog has pointed out the True Remedy to prevent Baldness, but the hunters came too late—Chronic baldness is incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla (or bottom of the hair follicle, and the papilla; therefore its nourishment direct from the liver. There are fore nature is the only true hair loss and baldenemies of hair growth: parasitic growths enter the sebaceous ness). Just situated at the top of the hair follicles (Dr. Sabouraud of Paris says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebum also solidifies, causing dry, lustreless and brittle hair. Destroy this microbic growth with Newbro's Herpicide and protect the hair against re-infection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do *more* than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, non-greasy, dainty and free from coloring or sedimentary substance. Neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

WHAT A LEADING DRUGGIST SAYS: Herpicide has been a success with us from the start, owing to two considerations. First, because it is essentially a meritorious article and does the work that is claimed for it and every bottle sold makes a friend, who publishes the glad tidings to other friends, and an endless chain is thus created for Herpicide.

Secondly: You fill your contracts to the letter and treat your agents squarely and cleverly, and every agent in turn takes pleasure in pushing the goods for your personal account. We have never sold a proprietary article which was more satisfactory. (Signed) W. H. Torbert, Dubuque, Iowa.
